EXPERIENCE

Product & Brand Designer | Freelance | Remote | Mar 2025 – Present

- Designed 5 end-to-end branding and digital experience projects for fashion and consumer brands, leading stakeholder interviews, discovery workshops, concept validation, and iterative design reviews.
- Delivered ecommerce and branding solutions contributing to 1,500+ website visitors, 1,000+ qualified leads, and 1,000+ sales for KiddoKraft.
- Collaborated with founders and developers to translate business goals into intuitive, conversion-focused experiences balancing usability, brand strategy, and visual storytelling.

Brand Designer | Freelance | Chennai, India | May 2020 – Dec 2022

- Designed end-to-end digital experiences for 10+ startups and consumer brands across ecommerce, responsive web, product design, and brand identity.
- Conducted user interviews, usability testing, and iterative design reviews; developed reusable design systems and brand guidelines across digital, marketing, and print.
- Worked cross-functionally with developers to deliver responsive, accessible interfaces aligned with user needs and business objectives.

Fashion Consultant | Scotch & Soda | Chennai, India | 2019 – 2020

- Delivered premium customer experiences through personalized styling, trend forecasting, and in-store visual merchandising; supported seasonal floor sets and brand-aligned displays.
- Built long-term customer relationships and consistently surpassed styling and sales targets.

Quality Assurance Intern | JAK Industries | Chennai, India | Jan 2016 – May 2016

- Performed garment quality audits across stitching, finishing, and measurement stages, maintained inspection documentation, and coordinated with sampling and production teams on quality issues.

SELECTED PROJECTS

Smart Rewards | Product Design & Product Strategy | *Loyalty / Consumer Experience*

- Proposed a personalized rewards feature that reduces redemption friction by surfacing relevant reward recommendations and creating a clearer path from reward discovery to redemption.
- Owned the feature proposal across problem framing, user flow, business case, interactive prototype, tradeoffs, and success metrics, including redemption rate, time to redemption, active members, repeat purchases, and customer lifetime value.

AI Stylist (IshStyle) | Product Design | Figma, Android Studio, Kotlin

- Conducted 30 user interviews, synthesized insights into 3 personas and 2 user flows, and designed 15 high-fidelity mobile screens; refined the experience through A/B testing with 5 participants.

EcoCycle | UX Design | *Figma, Illustrator*

- Interviewed 40 users and designed an end-to-end sustainability community experience with user flows, prototypes, and 10 interface screens validated through usability testing.

Foundmoon | UX Design | *Figma, Xcode, SwiftUI*

- Conducted 20 user interviews, developed 2 personas, mapped user journeys, and iterated an interactive reading-tracker prototype through usability testing.

Aura | Brand Identity & Editorial | *Illustrator, Photoshop, InDesign*

- Created a fashion brand style guide, editorial lookbook, custom illustrations, typography system, visual hierarchy, and campaign assets for cohesive print and digital storytelling.

EDUCATION & CERTIFICATIONS

- **Master of Arts (MA), Fashion Management** | Manipal Academy of Higher Education | Aug 2018 – May 2020
- **Fashion/Apparel Production** | National Institute of Fashion Technology India | 2013 – 2017
- **Branding: The Creative Journey Specialization** | IE Business School | 2026
- **UX Design Certificate** | Google | 2025
- **Certified Front-End Developer** | Meta | 2024
- **Certified Full-Stack Developer** | IBM | 2024
